

**Uni-Pier  
now  
gives  
you the  
choice  
of two  
heads...**

**...and that's  
better than  
one!**

Uni-Pier's  
traditional head

**New!  
Capless Head from Uni-Pier**

- ✓ Ideal for perimeter pier applications (no protruding ant cap)
- ✓ Complies with relevant Australian Building Codes
- ✓ Hot dip galvanised finish enabling use in many corrosive environments
- ✓ Sizes to suit Uni-Pier's Builders Grade or Heavy Grade posts
- ✓ Cost saving design

Note. All Uni-Pier heads have a hole near the top that is necessary in manufacture and, when installing, are a loose fit onto the post.

Uni-Pier Australia recommends the use of a termite resistant sealant that meets relevant Australian standards, to seal any gaps or holes when installing Capless heads onto Uni-Pier posts.
